THE LIBRARY ASSOCIATION.

It held its twenty-second regular meeting yesterday.

The Library Association of Washington held its twenty-second regular meeting at the Scotch-Irish library, Third and E streets northwest, last night. It was one of the most enjoyable and interesting gatherings of the association. The guests of the evening were the director and many students of the Pratt Institute Library School, of Brooklyn, N. Y.

Hon. Alexander R. Spafford made a few remarks suitable to the occasion. Papers were also read by Mr. N. P. Seidler and Dr. H. Carrington Bolton, after which an informal reception was tendered the director and students of the Pratt Institute, and refreshments were served.

NEW PENSION COMMISSIONER.

He intends to Construe Liberally the Pension Laws.

Mr. Henry Clay Evans, of Tennessee, President McKinley's nominee for Commissioner of Pensions, was confirmed by the Senate late yesterday afternoon. He will assume the duties of his office immediately.

Mr. Evans was talked to by a Times reporter last night. He said:

## BUT VERY FEW REALIZE

Until Too Late the Importance of Apparently Trivial Symptoms.

THE DILATORY ARE FOREWARNED

Every year thousands die from carelessness; thousands more die from ignorance. Men and women presume upon good constitutions, flattering themselves that they have nothing to fear. They do not comprehend the importance of apparently trivial symptoms, which are warnings of falling health. Many men suffer from nervous debility, impaired memory, low spirits, and the various derangements of mind and body, due to pernicious habits contracted in youth, or to later excesses, resulting in wrecked constitutions, and frequently in softening of the brain, epilepsy, paralysis, and even insanity. To reach and reclaim these unfortunate is one of Dr. Young's aims, and he has been the means of restoring hundreds of them to health, manhood and vigor.

DESCRIBED BY SYMPTOMS.

"Do you feel weak?"  
"Have you a headache?"  
"Are you low spirited?"  
"Are you nervous?"  
"Do you sleep badly?"  
"Do you have no energy?"  
"Is your memory impaired?"  
"Are you irritable?"  
"Do you have sick headaches?"  
"Is there a pain in your back?"  
"Has the brightness left your eyes?"

Cured of Nervous Debility

Mr. ELMON SHELTON, junior member of the firm of J. H. Shelton & Son, sculptors, located at the corner of Seventeenth and E streets southeast, says: "There is nothing something in Dr. Young's treatment for nervous debility. I have suffered for several years from a most aggravated case of nervous debility, and had tried many prominent physicians, among them several specialists, with absolutely no benefit. I cannot describe my sufferings. I want to say for the benefit of those similarly afflicted that Dr. Young has made a well man of me. I never felt better in my life."

\$5 A MONTH

Covers full treatment and all medicines. No higher fee will be accepted.

DR. YOUNG,

Corner 12th and F Sts.

Guarantees a prompt and permanent cure in every case accepted for treatment.

Office hours—Daily, 10 to 5; Monday and Tuesday evenings, 7 to 9; Sunday, 10 to 12.

CONSULTATION IN PERSON OR FREE BY LETTER

Dr. Young will be in some time before we can get anything new accomplished. I expect to soon confer with the President and the Secretary of the Interior to decide on the matter of deposits. There are thirty-four applicants for these places. I understand. After the deposits are appointed we will begin to consider the matter of carrying out the policy of the Administration.

"I may say to you that this policy will be a liberal construction of the pension laws. We will keep within the law, however. I believe that the Administration will be popular with the old soldiers."

Mr. Evans is a very tall man, with broad shoulders, and he stands erect. He wears a grayer, his hair has a tinge of gray and his skin is dark.

THE HEALTH OF THE CITY.

Gratifying Decrease in the Mortality Still Continues.

The decrease in the mortality of the city, noted in the last report, continued through the past week. The deaths reported to the health department during the week numbered 90, representing an annual death rate of 14.6 for the total population; that for the white being 12.4, and for the colored, 25.8. The decline was mainly in diseases of the lungs, those from consumption falling from 16 to 11, and from pneumonia from 24 to 7. Mortality of children under five years of age fell from 31 to 24, and of those under one year old, from 22 to 16. Of the zymotic diseases, there was one fatal case of typhoid fever, three of whooping-cough and one of diphtheria. Grip caused but two deaths, as against six in the week previous.

The weekly weather report showed a mean temperature of the atmosphere of 50 degrees, a mean relative humidity of 75, and a mean actual barometric pressure of 29.67, with a trace of rainfall and winds averaging ten miles per hour. The thermometer fell from 82 degrees on the 22nd to 26 degrees on the 27th, ranging in the five days 50 degrees.

There were three new warning carrels for diphtheria set up, three premises released from quarantine, and nine left in isolation. Of scarlet fever, one new case was reported; two houses were relieved of warning cards, leaving seven in quarantine.

Births reported, 101; white, 67; colored, 34.

Marrriages reported, 19; white, 12; colored, 7.

A Suit for Damages.

Marian C. Hall, by her attorney, J. J. Darlington, entered suit against the Metropolitan Railway Company yesterday for \$10,000 damages, alleging negligence upon the part of the company, which she alleged she attempted to alight from a Con-necticut avenue car near M street January 3 last, when the train suddenly started and she was thrown to the ground, receiving permanent injuries.

Meeting of Good Templars.

Good Will Lodge, No. 7, I. O. G. T., held its regular meeting Tuesday evening in the hall, at the corner of Maryland avenue and Eleventh street southwest, Chief Templar McCann presiding. One new member was initiated. The lodge expressed deep regret in the loss of one of its most efficient members, George Secretary Arthur Campbell, who left Monday for Raleigh, Texas, where he will reside in the future.
